

While recording your video for submission, place the blue, light orange, and lime green containers as instructed below. Each bay should only have one container.

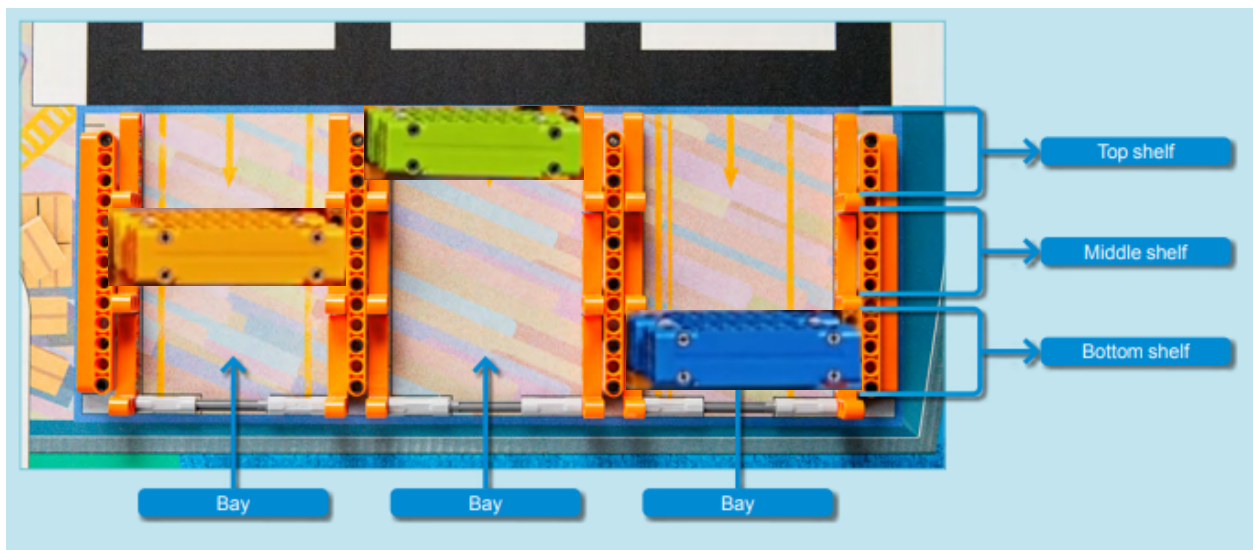

- Roll a six (6) sided die to determine where to place the containers (if you do not have a 6 sided die, it is okay to use a virtual die).
- Show the result of your roll on your video and setup mission 10 according to the images below

The following images show the setup for each roll of the dice from 1 to 6
